Subject Stoneway Waste Dsch.

As we discussed during your visit last Friday, I have drafted the following for your comments.

*****DRAFT*****DRAFT*****DRAFT*****DRAFT*****

DEAR DON:

ASH GROVE CEMENT WEST IS IN THE PROCESS OF REAPPLYING FOR THE WASTE DISCHARGE PERMIT #5162 WHICH ALLOWS THE OPERATION OF THE SETTLING POND AT THE SOUTHWEST CORNER OF OUR PROPERTY. I AM UNSURE AT THIS TIME WHAT RESPONSE THE DEPARTMENT OF ECOLOGY WILL HAVE TO THE UNPERMITTED EFFLUENT FROM YOUR FACILITY AND THE RESULTING pH CONTROL SYSTEM WE HAVE INSTALLED. THE PERMIT (FOR WHICH WE NOW SHARE AN \$8000 ANNUAL FEE) MAY OR MAY NOT BE ROUTINELY APPROVED. I WILL KEEP YOU INFORMED OF ANY PROBLEMS WE EXPERIENCE.

IT IS MY HOPE THAT NEITHER OF OUR OPERATIONS IS ADVERSELY EFFECTED AND WE CAN CONTINUE TO ENJOY THE MUTUAL BENEFITS OF THIS SYSTEM.
